PROFILE

I found my passion in the IT sector. In order to gain experience in this field, I'm currently looking for an **internship or junior Frontend or Backend position**. I'm fascinated by writing clean and maintainable code and building web applications that have a user-friendly interface and provide an excellent user experience.

EXPERIENCES

UAB Kesko Senukai Lithuania
Stock Clerk

Nov 2021 - Present
Sep 2018 - May 2019

- I'm responsible for stocking up the shelves, checking and updating the prices of goods, and keeping the shelves clean and organized.
- Because of my **organizational** skills and **time management** I was one of the best workers as I stocked the largest quantity of goods in the shortest amount of time. It ensured that customers would find and purchase needed products.

UAB Lidl Lietuva
Customer Assistant / Freshness Specialist

Jun 2021 - Nov 2021
Dec 2019 - May 2021

- I was responsible for assisting customers, stocking shelves, and ensuring the store was clean and organized.
- Also, I used planograms to organize the layout of new products on the shelves in an effective and visually appealing manner and **adapt** the planograms to our store's size and layout.
- My manager promoted me to a freshness specialist position, because of my **attention to detail**, and ability to quickly identify produce that is no longer fresh.

EDUCATION

CodeAcademy

2022 - 2023 | Full-stack: JavaScript + PHP

480 hours

Frontend: HTML, CSS, SASS, **JavaScript**, OOP, **React**, Regex, TypeScript, Fetch API

Backend: **PHP**, OOP

Database: **MySQL**

Git, Github

SKILLS

- strong programming skills
- problem-solving abilities
- attention to detail
- adaptability and flexibility
